I live in the Legend Falls Subdivision. My property backs up to this land that Sam McGee wants to build a self storage unit on. I felt safe buying a home in this neighborhood to raise my children in. I have been here since my oldest was a baby and my husband and I have 4 children now to call this home. I do not feel safe knowing that people, not members of our immediate community, will be coming and going to the storage facility at any hour they choose right behind our homes. We live here, play here, and sleep here. I understand that one day something will be built there on the property. But, please understand that it will be better for everyone if it isn't a business there, but instead people that live there and want the best for our community. Thank you

Please deny the request of C Sam McGee to rezone 7038 Spout Springs Rd from Agricultural Residential to Light Industrial. This industrial activity will be in my backyard. The properties surrounding 7038 are all residential. The last meeting included a picture of the back of my house. At least half of the vegetative buffer is on our property and it's mostly pine trees. There are gaps. The picture was not a clear visual of my backyard or the property line. Where would the fence go? Is it going to be right off my property line? A chain linked fence will offer no visual screening. Will there be lights around this storage area when the sun goes down? Will this mean my backyard will be lit up all night?

Your Comments*

This should be rejected. Building a storage complex will disturb the quiet neighborhood that we have. The land next to the neighborhood should be residential only and not light commercial. There is enough commercial up the road and it will only cause more traffic and issues for the residents in the homes directly affected by this project.

As a resident of Legend Falls subdivision, I do not want this development next to our neighborhood. This development is out of character for the area, something like this needs to go in an area where more commercial businesses already exist.

PLEASE listen to the community and realize we do not want any more construction. No more houses, apartments, warehouses, storage units, businesses, nothing.

It's not fair how politicians, commisioners, etc. only represent themselves and not the community they are supposed to represent. LISTEN TO US. You are playing with our livelihood. Taking away nature. Disturbing wildlife.

Please quit rezoning land to suit your needs instead of ours. Storage units are not necessary. If you think they're a true necessity, then please build them in your own backyard. Leave the property as is. Please.
